- **Where is the load from? We need the physical address.**
- **What is in the load? To properly charge you we need to know what materials are in the load.**
- **Have you been to the recycling center? You are required to recycle all free recyclable materials before coming to the scale house, so go there first. Pack your load so you can remove the recyclables first.**
- **Do you have any TV's, tires, mattresses, appliances, hazardous waste, or recyclable materials in your load? Additional fees apply to these materials or they are banned from disposal in the landfill.**
