REQUEST FOR STATEMENT OF QUALIFICATIONS FOR CONSULTING SERVICES TO DESIGN TERTIARY TREATMENT UPGRADES TO BOULDER CREEK SEWAGE TREATMENT PLANT

The County of Santa Cruz is requesting Statements of Qualifications (SOQ) from engineering firms for design services for the construction of an advanced tertiary treatment upgrade to the sewage treatment plant in Boulder Creek and associated work. The construction plans and specifications will be reviewed by the Regional Water Quality Control Board for conformance with the County Service Area No. 7 Waste Discharge Permit and by County sanitation staff. This project will require preparation of plans and specifications that conform to County of Santa Cruz standard specifications and CALTRANS design standards. The drawings shall be provided in AutoCad format, text files in Word format and data files in Excel format.

The SOQs will be evaluated based upon the following: experience with similar projects in terms of size and scope, cost control, quality of work, adherence to schedules, timely delivery of completed work, good client communications, and familiarity with regulatory agencies and issues. All applicants will be notified of the results of the evaluation, and the top three consultants will be invited to submit a formal, written proposal and make an oral presentation to a County selection panel. The County will negotiate an agreement with the highest ranked consultant for final consideration and approval by the County of Santa Cruz Board of Supervisors.

Interested consultants must submit a Statement of Qualifications and current client references for the project described above to:

County of Santa Cruz
Department of Public Works
Attention: Rachél Lather
701 Ocean Street, Room 410
Santa Cruz, CA 95060

Page - 2 -

Please limit Statement of Qualifications to no more than 25 pages in length. The SOQ must be received no later than 5:00 p.m., Wednesday, May 9, 2007. If you have any questions regarding this request for Statement of Qualifications, please contact the undersigned at (831) 454-2637.

Yours truly,

THOMAS L. BOLICH
Director of Public Works
