

**SANTA CRUZ COUNTY
INTEGRATED WASTE MANAGEMENT LOCAL TASK FORCE
March 4, 2021**

AGENDA

- 1) Oral communications from the public
- 2) Oral communications from Task Force members
- 3) Changes to the agenda
- 4) Approval of minutes from meeting of December 3, 2020 (attached)
- 5) Treated wood waste – Kasey
- 6) Earth Day – Tim
- 7) County Facilities Planning Update - Kasey
- 8) SB 1383 Organics Diversion Update – all
- 9) Local ordinance updates - all
- 10) Homeless Encampment Issues - Bob
- 11) Drug and Sharps Program Changes - Tim
- 11) Syringe Litter Cleanup - Tim
- 12) Legislative Update - Tim
See attached.
- 13) Other issues
- 14) Adjournment
Next Meeting, Thursday, June 3, County

**SANTA CRUZ COUNTY
INTEGRATED WASTE MANAGEMENT LOCAL TASK FORCE
December 3, 2020**

Minutes

Present: Larry Laurent, Bob Nelson, Greg Caput, Noel Bock, Jack Dilles, Mike Rivera, Lowell Hurst, Scott Hamby

Staff: Kasey Kolassa, Tim Goncharoff, Beau Hawksford, Christine Horvat

Guests: Jim Moresco, Daryl Jordan, Leslie O'Malley

1) Oral communications from the public

None

2) Oral communications from Task Force members

3) Changes to the agenda

None

4) Approval of minutes from meeting of September 3, 2020 (attached)

Moved: Noel, 2nd Bob Approved 8-0

5) New CalRecycle Director Rachel Wagoner – Tim

6) Disaster Followup, Debris Flow Planning

Kasey gave a report on County efforts and plans.

7. SB 1383 Organics Diversion Update – Committee Needed?

Bob led a discussion of pending state requirements and proposed creation of a committee. No action taken.

8) County Facilities Planning Update

Kasey provided an update on County plans for a new transfer station.

9) Local ordinance updates

Local bag and cup ordinances delayed due to Covid.

10) Supreme Court case re franchise fees

Tim gave update on Zolly re City of Oakland, which seeks to require a public vote to approve all franchise fees

11) Meeting Calendar for 2021

Watsonville March 4

County June 3

City of Santa Cruz September 2

Capitola December 2

12) Officers for 2021

Mike Rivera, Chair

Daryl Jordan, Vice Chair

13) Legislative Update

Discussion of possible legislation for 2021.

14) Other issues

None

15) Adjournment

Next Meeting, Thursday, March 4, Watsonville

CURRENT LEGISLATION

Measure	Topic-Status	Description
<p>AB 238 Santiago D</p> <p>Amended: 7/9/2020 html pdf</p>	<p>Unlicensed automobile dismantlers: enforcement and compliance activities.</p> <p>8/21/2020- Failed Deadline pursuant to Rule 61(b)(15). (Last location was S. APPR. SUSPENSE FILE on 8/17/2020)</p>	<p>Under current law, it is unlawful for any person to act as an automobile dismantler without having an established place of business, meeting specified requirements, and having a current, valid license or temporary permit issued by the Department of Motor Vehicles. Current law, which was repealed on January 1, 2020, required the department to collaborate with specified state agencies to review and coordinate enforcement and compliance activity related to unlicensed and unregulated automobile dismantling, including resulting tax evasion, environmental impacts, and public health impacts. This bill reenacts those provisions, but would extend those provisions relating to the review and coordination requirement to January 1, 2024.</p>
<p>AB 353 Muratsuchi D</p> <p>Amended: 5/26/2020 html pdf</p>	<p>Once-through cooling policy: extension.</p> <p>8/31/2020- Failed Deadline pursuant to Rule 61(b)(18). (Last location was S. E.Q. on 5/26/2020)</p>	<p>Under the Porter-Cologne Water Quality Control Act, the State Water Resources Control Board is required to adopt specified state policies with respect to water quality as it relates to the coastal marine environment, including a policy requiring new or expanded coastal powerplants and other industrial installations using seawater for cooling, heating, or industrial processing to use the best available site, design, technology, and mitigation measures feasible to minimize the intake and mortality of all forms of marine life. Pursuant to that policy, the state board has adopted a policy to phase out once-through cooling for powerplants. This bill would prohibit the state board from granting an operator of a powerplant additional time for complying with the once-through cooling policy adopted by the state board if the powerplant is situated on a site containing coastal wetlands, as specified, and a local agency, nonprofit organization, or nongovernmental land conservation organization has been awarded a grant on or before January 1, 2020, for the purposes of acquiring all or a portion of the site of the powerplant to develop parklands and restore wetlands.</p>
<p>AB 793 Ting D</p>	<p>Recycling: plastic beverage</p>	<p>Would, on and after January 1, 2022, require the total number of plastic beverage containers filled with a beverage sold by a beverage manufacturer, as specified, to contain, on average,</p>

<p>Chaptered: 9/24/2020 html pdf</p>	<p>containers: minimum recycled content. 9/24/2020- Approved by the Governor. Chaptered by Secretary of State - Chapter 115, Statutes of 2020.</p>	<p>specified amounts of postconsumer recycled plastic content per year pursuant to a tiered plan that would require the total number of plastic beverage containers to contain, on average, no less than 50% postconsumer recycled plastic content per year on and after January 1, 2030, except as specified</p>
<p>AB 802 Stone, Mark D Amended: 6/4/2019 html pdf</p>	<p>Reports to the Legislature: Statewide Open Data Portal. 8/21/2020- Failed Deadline pursuant to Rule 61(b)(15). (Last location was S. 2 YEAR on 8/30/2019)</p>	<p>Would require state and local agencies to submit all reports to the Secretary of the Senate, the Chief Clerk of the Assembly, and the Legislative Counsel electronically, rather than submitting a printed copy, and would eliminate the requirement that state agencies separately submit the summary of the report directly to Members of the Legislature.</p>
<p>AB 1080 Gonzalez D Amended: 8/25/2020 html pdf</p>	<p>Solid waste: packaging and products. 8/31/2020- Failed Deadline pursuant to Rule 61(b)(18). (Last location was S. DESK on 8/30/2020)</p>	<p>Would enact the California Circular Economy and Plastic Pollution Reduction Act, which would impose a comprehensive regulatory scheme on producers, retailers, and wholesalers of single-use packaging, as defined, and priority single-use products, as defined, made partially or entirely of plastic, to be administered by the department. As part of that regulatory scheme, the bill would require producers, as defined, (A) to source reduce, to the maximum extent feasible, single-use packaging and priority single-use products, and (B) to ensure that all single-use packaging and priority single-use products that are manufactured on or after January 1, 2032, and that are offered for sale, sold, distributed, or imported in or into the state are recyclable or compostable.</p>
<p>AB 1509 Mullin D Amended: 5/1/2019</p>	<p>Solid waste: lithium-ion batteries. 8/18/2020-</p>	<p>Would establish the Lithium-Ion Battery Recycling Program in the Department of Resources Recycling and Recovery. The bill would require a covered entity, as defined, on or before March 1, 2021, to provide a list of covered products that it</p>

<p>html pdf</p>	<p>Failed Deadline pursuant to Rule 61(b)(13). (Last location was E.Q. on 6/6/2019)</p>	<p>sells or offers for sale in the state to the department and the total number of each covered product it sold in the state during the prior year, and to update those lists annually. The bill would define “covered product” to mean a lithium-ion battery sold separately or sold with a product, or a product containing a lithium-ion battery or battery pack that is not designed to be removed from the product by a consumer.</p>
<p>AB 1567 Aguiar-Curry D Amended: 1/15/2020 html pdf</p>	<p>Organic waste: scoping plan. 8/18/2020- Failed Deadline pursuant to Rule 61(b)(13). (Last location was S. N.R. & W. on 6/23/2020)</p>	<p>Would, on or before December 31, 2021, require the Strategic Growth Council, in consultation with stakeholders and relevant permitting agencies, to prepare and submit to the Legislature a report that provides a scoping plan for the state to meet its organic waste, climate change, and air quality mandates, goals, and targets and would require the scoping plan to include, among other things, recommendations on policy and funding support for the beneficial reuse of organic waste.</p>
<p>AB 1770 Frazier D Introduced: 2/22/2019 html pdf</p>	<p>Tire recycling program: rubberized pavement. 8/18/2020- Failed Deadline pursuant to Rule 61(b)(13). (Last location was E.Q. on 6/6/2019)</p>	<p>Would extend the operation of the Rubberized Pavement Market Development Act to June 30, 2024.</p>
<p>AB 1840 Ting D Introduced: 1/6/2020 html pdf</p>	<p>Recycling: reports. 5/29/2020- Failed Deadline pursuant to Rule 61(b)(5). (Last location was NAT. RES. on 1/17/2020)</p>	<p>Would require the Department of Resources Recycling and Recovery, on or before January 1, 2022, to make recommendations to the Legislature on how to improve the California Beverage Container Recycling and Litter Reduction Act to increase recycling of beverage container materials within the state and increase consumer redemption convenience.</p>
<p>AB 1922 Rivas, Luz D</p>	<p>Pupil instruction: science</p>	<p>Current law requires the adopted course of study for grades 1 to 6, inclusive, and the adopted course of study for grades 7 to 12, inclusive, to include certain areas of study, including,</p>

<p>Introduced: 1/13/2020 html pdf</p>	<p>requirements: climate change. 5/29/2020- Failed Deadline pursuant to Rule 61(b)(5). (Last location was ED. on 1/23/2020)</p>	<p>among others, English, mathematics, social sciences, science, and visual and performing arts, as specified. This bill, with respect to both of the above-referenced adopted courses of study, would require the science area of study to include an emphasis on the causes and effects of climate change. The bill would require that appropriate coursework including this material be offered to pupils as soon as possible, commencing no later than the 2021–22 school year.</p>
<p>AB 1952 Stone, Mark D Amended: 2/24/2020 html pdf</p>	<p>Washing machines: microfiber filters: state laundry facilities: pilot program. 5/29/2020- Failed Deadline pursuant to Rule 61(b)(5). (Last location was A. & A.R. on 2/6/2020)</p>	<p>Would require the Department of General Services, in coordination with the California Environmental Protection Agency and as soon as feasible, to implement a pilot program for one year to assess the efficacy of microfiber filtration systems in removing microfiber from waste washwater from state-owned laundry facilities. The bill would require the department to monitor the presence of microfiber in waste washwater from 10 state-owned laundry facilities chosen to participate in the pilot program. The bill would require the department, by January 1, 2023, to submit a report to the Legislature on the results of the pilot program.</p>
<p>AB 2028 Aguiar-Curry D Amended: 8/20/2020 html pdf</p>	<p>State agencies: meetings. 8/31/2020- Failed Deadline pursuant to Rule 61(b)(18). (Last location was S. INACTIVE FILE on 9/1/2020)</p>	<p>The Bagley-Keene Open Meeting Act, requires that a state body provide an opportunity for members of the public to directly address the body on each agenda item. Current law exempts from this requirement, among other things, an agenda item that has already been considered by a committee composed exclusively of members of the state body at a public meeting where members of the public were afforded an opportunity to address the committee on the item. This bill would delete this exception, thereby making the requirement to provide an opportunity to address the state body applicable to an agenda item for which the public had an opportunity to address it at a public meeting of a committee of the state body.</p>
<p>AB 2093 Gloria D Introduced: 2/5/2020</p>	<p>Public records: writing transmitted by electronic mail:</p>	<p>Would, unless a longer retention period is required by statute or regulation, or established by the Secretary of State pursuant to the State Records Management Act, require a public agency, for purposes of the California Public Records</p>

<p>html pdf</p>	<p>retention. 6/5/2020- Failed Deadline pursuant to Rule 61(b)(8). (Last location was A. APPR. on 3/10/2020)</p>	<p>Act, to retain and preserve for at least 2 years every public record, as defined, that is transmitted by electronic mail.</p>
<p>AB 2214 Carrillo D</p> <p>Introduced: 2/12/2020 html pdf</p>	<p>Administrative Procedure Act: notice of proposed action. 5/29/2020- Failed Deadline pursuant to Rule 61(b)(5). (Last location was A. & A.R. on 2/20/2020)</p>	<p>Current law, under the Administrative Procedure Act, requires a state agency proposing to adopt, amend, or repeal specific administrative regulations to prepare, submit as specified, and make available to the public upon request, certain documents relating to the proposed regulation, including, among other things, a copy of the express terms of the proposed regulation. This bill would require the state agency to conspicuously post those documents on the state agency's website within 24 hours of submitting those documents to the office, instead of making those documents available to the public upon request. The bill would also remove an obsolete provision.</p>
<p>AB 2287 Eggman D</p> <p>Chaptered: 9/29/2020 html pdf</p>	<p>Solid waste. 9/29/2020- Approved by the Governor. Chaptered by Secretary of State - Chapter 281, Statutes of 2020.</p>	<p>Current law prohibits a person from selling a plastic product in the state that is labeled with the term "compostable," "home compostable," or "marine degradable" unless, at the time of sale, the plastic product meets the applicable ASTM standard specification or the Vincotte OK Compost HOME certification, as provided. Current law prohibits the sale of a plastic product that is labeled as "biodegradable," "degradable," or "decomposable," and prohibits implying that a plastic product will break down, fragment, biodegrade, or decompose in a landfill or other environment, unless the plastic product meets one of several specified standards relating to environmental marketing claims. This bill would repeal the provision that conditionally prohibits the sale of a plastic product that is labeled "marine degradable." The bill would authorize the Director of Resources Recycling and Recovery to issue guidelines for determining whether a plastic product is not compliant with these labeling requirements, and whether a plastic product is designed, pigmented, or advertised in a manner that is misleading to consumers.</p>
<p>AB 2381 Choi R</p>	<p>The California Beverage</p>	<p>The Department of Resources Recycling and Recovery is required to calculate the processing fee of each beverage</p>

<p>Amended: 3/11/2020 html pdf</p>	<p>Container Recycling and Litter Reduction Act: processing payments and handling fees. 8/31/2020- Failed Deadline pursuant to Rule 61(b)(18). (Last location was A. NAT. RES. on 2/24/2020)</p>	<p>container sold or offered for sale in the state in a specified manner, so that the actual processing fee generally equals 65% of the processing payment that the department is required to pay to processors if the scrap value of the container having a refund value pursuant to the California Beverage Container Recycling and Litter Reduction Act is less than the cost of recycling. The act establishes the California Beverage Container Recycling Fund and, except for administrative costs, continuously appropriates moneys in the fund to the department for specified purposes, including the amount necessary to pay processing payments to processors and to pay handling fees to certain types of recyclers to provide an incentive for the redemption of empty beverage containers in convenience zones. This bill would require, notwithstanding the provisions establishing the calculation of processing payments and handling fees, until January 1, 2024, processing payments and handling fees to be set at the rate in effect on July 1, 2020.</p>
<p>AB 2562 Holden D</p> <p>Introduced: 2/19/2020 html pdf</p>	<p>California Beverage Container Recycling and Litter Reduction Act: empty beverage container redemption. 5/29/2020- Failed Deadline pursuant to Rule 61(b)(5). (Last location was NAT. RES. on 3/5/2020)</p>	<p>The California Beverage Container Recycling and Litter Reduction Act requires dealers within a convenience zone where no recycling location has been established, or within a convenience zone that is unserved for 60 days and not exempt from convenience zone requirements, to alternatively (1) submit an affidavit to the Department of Resources Recycling and Recovery stating that the dealer has met specified standards for empty beverage container redemption or (2) pay \$100 per day to the department, for deposit in the continuously appropriated California Beverage Container Recycling Fund, until a recycling location is established or until the dealer meets the standards for redemption specified in the affidavit provisions. This bill would revise that alternative requirement to instead require those dealers to submit that affidavit to the department unconditionally. The bill would make a dealer who does not submit that affidavit liable for a civil penalty of an unspecified amount per day that is greater than \$100.</p>
<p>AB 2592 Garcia, Cristina D</p> <p>Amended: 8/4/2020 html pdf</p>	<p>Reduction of human remains and the disposition of reduced human</p>	<p>The Cemetery and Funeral Act provides for the licensure and regulation of cemeteries, crematoria, hydrolysis facilities, cremated remains disposers, funeral establishments, and their personnel by the Cemetery and Funeral Bureau within the Department of Consumer Affairs. Current law creates the Cemetery and Funeral Fund, which is continuously</p>

	remains. 8/21/2020- Failed Deadline pursuant to Rule 61(b)(15). (Last location was S. APPR. SUSPENSE FILE on 8/13/2020)	appropriated for the purpose of implementing the act. Under existing law, the violation of the act is a misdemeanor. Current law provides for the disposition of human remains and makes specified acts relating to human remains, including improperly disposing of human remains, a crime. This bill, commencing July 1, 2023, would require the bureau to license and regulate reduction facilities, as defined, and would enact requirements applicable to reduction facilities substantially similar to those applicable to crematoria and hydrolysis facilities.
AB 2612 Maienschein D Introduced: 2/20/2020 html pdf	Greenhouse Gas Reduction Fund: recycling: appropriation. 8/31/2020- Failed Deadline pursuant to Rule 61(b)(18). (Last location was A. NAT. RES. on 3/2/2020)	Would, beginning in the 2020–21 fiscal year, would continuously appropriate \$100,000,000 from the Greenhouse Gas Reduction Fund annually to the Department of Resources Recycling and Recovery for in-state organic waste recycling projects that reduce greenhouse gas emissions and achieve certain organic waste disposal goals, as specified. The bill, beginning in the 2020–21 fiscal year, would also continuously appropriate \$100,000,000 from the fund annually to the department for in-state recycling projects that reduce greenhouse gas emissions and help achieve a specified state policy relating to solid waste, as specified.
AB 2680 Aguiar-Curry D Amended: 3/16/2020 html pdf	Solid waste: green material: land application. 5/29/2020- Failed Deadline pursuant to Rule 61(b)(5). (Last location was NAT. RES. on 3/2/2020)	The California Integrated Waste Management Act of 1989, administered by the Department of Resources Recycling and Recovery, generally regulates the disposal, management, and recycling of solid waste. The act requires a disposal facility operator to submit information to the department on the disposal tonnages that are disposed of at the disposal facility. This bill would require that information to be submitted to the department quarterly and would additionally require a disposal facility operator to submit information on the disposal tonnages that are applied to the land as green material.
AB 2733 Flora R Introduced: 2/20/2020 html pdf	California Beverage Container Recycling Fund: reporting. 5/29/2020- Failed Deadline pursuant to	Existing law requires the Department of Resources Recycling and Recovery, not less than once every 3 months, to provide to the Legislature an updated fund condition statement for the California Beverage Container Recycling Fund, and other specified information, for the current fiscal year and budget year. Existing law requires the department, not less than once every 3 months, to post that information on the department's internet website. Current law requires the department, not

	<p>Rule 61(b)(5). (Last location was NAT. RES. on 3/2/2020)</p>	<p>less than once every 3 months, to review the information included in the fund condition statement, as provided, and to immediately notify the Legislature if the department determines that there may be inadequate funds to pay the payments required by the act. This bill would change the minimum frequency of the periodic requirements described above from 3 months to 2 months.</p>
<p>AB 2831 Flora R Amended: 5/4/2020 html pdf</p>	<p>Carbon offset credits: whole orchard recycling: healthy soils. 8/31/2020- Failed Deadline pursuant to Rule 61(b)(18). (Last location was A. NAT. RES. on 4/24/2020)</p>	<p>The California Global Warming Solutions Act of 2006 establishes the Compliance Offsets Protocol Task Force, with a specified membership, to provide guidance to the state board in approving new offset protocols for a market-based compliance mechanism for the purposes of increasing offset projects with direct environmental benefits in the state, as specified. This bill would require the State Air Resources Board to develop a carbon offset credit for whole orchard recycling.</p>
<p>AB 2959 Calderon D Amended: 7/1/2020 html pdf</p>	<p>Solid waste: byproducts from the processing of food or beverages. 8/18/2020- Failed Deadline pursuant to Rule 61(b)(14). (Last location was S. E.Q. on 6/23/2020)</p>	<p>The California Integrated Waste Management Act of 1989 authorizes each county, city, district, or other local governmental agency to determine, among other things, whether solid waste handling services are provided for by means of a nonexclusive, partially exclusive, or wholly exclusive franchise, contract, license, permit, or otherwise. The act prohibits those local governmental entities from exercising that authority with regard to the hauling of byproducts from the processing of food or beverages if certain conditions are met, including the condition that the byproducts originate from, among others, entities required to be registered for the manufacture, packing, or holding of any processed food in this state and certain entities exempt from that registration. This bill would reauthorize those local governmental entities to exercise that authority if those byproducts originate from a supermarket, grocer, restaurant, or other retail food establishment.</p>
<p>AB 2993 Levine D Introduced: 2/21/2020</p>	<p>Hazardous waste: classification: exclusions:</p>	<p>Current law requires the Department of Toxic Substances Control to develop and adopt by regulation criteria and guidelines for the identification of hazardous wastes and extremely hazardous wastes, as provided. Current law</p>

<p>html pdf</p>	<p>green waste. 5/29/2020- Failed Deadline pursuant to Rule 61(b)(5). (Last location was E.S. & T.M. on 3/5/2020)</p>	<p>exempts certain kinds of waste, including, among other things, wood waste, as defined, from regulation under the hazardous waste control laws under specified conditions. This bill would exclude from classification as a hazardous waste green waste, as defined, that would be classified as hazardous solely because a representative sample of the green waste is below a specified threshold pursuant to an acute aquatic toxicity test described in a specified regulation.</p>
<p>AB 3046 Mathis R Amended: 3/10/2020 html pdf</p>	<p>The Energy, Environment, and Economy Council. 5/29/2020- Failed Deadline pursuant to Rule 61(b)(5). (Last location was NAT. RES. on 3/5/2020)</p>	<p>Would establish the Energy, Environment, and Economy Council with 16 members, as specified. The bill would require the council to engage with stakeholders, subject matter experts, and state and local agencies with jurisdiction relevant to environmental protection and economic vitality in order to determine the policies can be implemented to meet the state's environmental goals, while avoiding harm to the state's economy and maintaining specified protections. The bill would require the council, by July 1, 2022, to submit a report to the Legislature that makes recommendations on appropriate policies to achieve the above-stated environmental goals, while maintaining specified protections, ensuring consumer choice is not compromised, and avoiding harm to the state's economy.</p>
<p>AB 3141 Friedman D Introduced: 2/21/2020 html pdf</p>	<p>Retail plastics recycling program: plastic bags, packaging, and shipping envelopes. 5/29/2020- Failed Deadline pursuant to Rule 61(b)(5). (Last location was NAT. RES. on 3/9/2020)</p>	<p>The At-Store Recycling Program law, required, among other things, an operator of a store, as defined, to establish an at-store recycling program that provides customers the opportunity to return clean plastic carryout bags to that store. The law required a plastic carryout bag provided by a store to have specified information printed or displayed on the bag, and required the placement of a plastic carryout bag collection bin in each store that is visible and easily accessible to the consumer. This bill would reestablish the operation of those requirements and would additionally require an at-store recycling program established by the operator of a store to provide an opportunity for a customer of the store to return to the store clean durable plastic bags, as specified.</p>
<p>AB 3158 Melendez R Introduced: 2/21/2020 html pdf</p>	<p>Solid waste: Rechargeable Battery Recycling Act. 5/29/2020-</p>	<p>Would authorize the Department of Toxic Substances Control to include on its internet website the prior years' previously posted information of the estimated amount, by weight, of each type of rechargeable batteries returned for recycling.</p>

	Failed Deadline pursuant to Rule 61(b)(5). (Last location was E.S. & T.M. on 3/9/2020)	
AB 3162 Obernoite R Amended: 3/5/2020 html pdf	Reports submitted to legislative committees. 5/29/2020- Failed Deadline pursuant to Rule 61(b)(5). (Last location was A. & A.R. on 3/5/2020)	Current law requires a report required or requested by law to be submitted by a state or local agency to the Members of either house of the Legislature, generally, to be submitted in a specified manner, including a requirement that a report submitted by a state agency be posted on the state agency's internet website. This bill would additionally require a state agency to post on its internet website any report, as defined, that the state agency submits to a committee of the Legislature.
AB 3163 Salas D Chaptered: 9/30/2020 html pdf	Energy: biomethane: procurement. 9/30/2020- Approved by the Governor. Chaptered by Secretary of State - Chapter 358, Statutes of 2020.	Current law requires the Public Utilities Commission, in consultation with the State Air Resources Board, to consider adopting specific biomethane procurement targets or goals for each gas corporation so that each gas corporation procures a proportionate share, as determined by the commission, of biomethane annually, as specified. Current law defines "biomethane" for that purpose as biogas that meets specified standards adopted by the commission for injection into a common carrier pipeline. This bill would instead define "biomethane" for that purpose as methane produced from an organic waste feedstock, rather than biogas, that meets those specified standards and is either produced from the anaerobic decomposition of organic material or produced from the noncombustion thermal conversion of specified materials.
SB 54 Allen D Amended: 8/25/2020 html pdf	Solid waste: packaging and products. 9/1/2020-Read third time. Refused passage. (Ayes 37. Noes 18.) Died on call pursuant to	Would enact the California Circular Economy and Plastic Pollution Reduction Act, which would impose a comprehensive regulatory scheme on producers, retailers, and wholesalers of single-use packaging, as defined, and priority single-use products, as defined, made partially or entirely of plastic, to be administered by the Department of Resources Recycling and Recovery. As part of that regulatory scheme, the bill would require producers, as defined, (A) to source reduce, to the maximum extent feasible, single-use packaging and priority single-use products, and (B) to ensure that all single-

	Article IV, Section 10(c) of the Constitution.	use packaging and priority single-use products that are manufactured on or after January 1, 2032, and that are offered for sale, sold, distributed, or imported in or into the state are recyclable or compostable. The bill would require the department to achieve and maintain, by January 1, 2032, a statewide 75% reduction of the waste generated from single-use packaging and priority single-use products offered for sale, sold, distributed, or imported in or into the state through source reduction, recycling, or composting.
SB 405 Archuleta D Amended: 7/1/2019 html pdf	Solid waste: reclaimed asphalt pavement: pilot project: the County of Los Angeles. 8/31/2020- Failed Deadline pursuant to Rule 61(b)(18). (Last location was A. 2 YEAR on 9/15/2019)	Would authorize the Department of Public Works of the County of Los Angeles to create a pilot project to demonstrate the viability of paving streets, roads, and highways with hot mix asphalt that is composed of between 85% and 100% reclaimed asphalt pavement (RAP). The bill would require the pilot project to be conducted on streets, roads, and highways in the county and would require specific project sites in the county to be determined by the appropriate and usual process of the county.
SB 409 Wilk R Amended: 8/10/2020 html pdf	Illegal dumping. 8/21/2020- Failed Deadline pursuant to Rule 61(b)(15). (Last location was A. APPR. SUSPENSE FILE on 8/18/2020)	Current law makes it unlawful to dump waste matter in certain locations, such as upon a public or private highway or road, upon private property without the consent of the owner, or in or upon a public park or other public property, as specified. Current law also makes it unlawful to place, deposit, or dump rocks, concrete, asphalt, or dirt in certain locations, as specified. A person who violates these provisions is guilty of an infraction punishable by specified fines. Existing law also makes it a misdemeanor to place, deposit, or dump waste matter in commercial quantities, as defined, in certain locations. This bill would make it a crime to transport waste matter, rocks, concrete, asphalt, or dirt for the purpose of dumping it in the locations described above.
SB 424 Jackson D Amended: 5/17/2019 html pdf	Tobacco products: single-use and multiuse components.	Would prohibit a person or entity from selling, giving, or furnishing to another person of any age in this state a cigarette utilizing a single-use filter made of any material, an attachable and single-use plastic device meant to facilitate manual manipulation or filtration of a tobacco product, and a

	8/14/2020- Failed Deadline pursuant to Rule 61(b)(13). (Last location was G.O. on 6/13/2019)	single-use electronic cigarette or vaporizer device. The bill would prohibit that selling, giving, or furnishing, whether conducted directly or indirectly through an in-person transaction, or by means of any public or private method of shipment or delivery to an address in this state.
SB 634 Glazer D Amended: 9/6/2019 html pdf	The California Beverage Container Recycling and Litter Reduction Act. 8/31/2020- Failed Deadline pursuant to Rule 61(b)(18). (Last location was A. RLS. on 9/13/2019)	Existing law, the California Beverage Container Recycling and Litter Reduction Act, requires the Department of Resources Recycling and Recovery to annually designate convenience zones and requires that at least one certified recycling center that meets certain requirements be located within every convenience zone. This bill would increase the total number of exemptions that may be granted to 40% of the number identified as eligible. The bill would require the department to review exemptions every 2 years to determine if each exemption still meets the prescribed exemption criteria. This bill contains other existing laws.
SB 667 Hueso D Amended: 8/24/2020 html pdf	Greenhouse gases: recycling and organic waste reduction: needs assessment. 8/31/2020- Failed Deadline pursuant to Rule 61(b)(18). (Last location was A. INACTIVE FILE on 8/26/2020)	Would require the Department of Resources Recycling and Recovery to develop, on or before January 1, 2023, and would authorize the department to amend, a 5-year needs assessment to support innovation and technological and infrastructure development, in order to meet specified organic waste reduction and recycling targets, as provided.
SB 815 Committee on Budget and Fiscal Review Amended: 8/27/2020 html pdf	State government. 8/31/2020- Failed Deadline pursuant to Rule 61(b)(18).	Current law establishes within state government the Commission on Asian and Pacific Islander American Affairs, comprised of 13 members, as specified. Existing law requires the commission to, among other duties, advise the Governor, the Legislature, and state entities on issues relating to the social and economic development and the rights and interests

	(Last location was A. THIRD READING on 8/31/2020)	of Asian Pacific Islander American communities. This bill would authorize the commission to appoint an executive director who would be exempt from civil service.
SB 857 Bates R Introduced: 1/14/2020 html pdf	Solid waste: integrated waste management plans: composting component. 8/31/2020- Failed Deadline pursuant to Rule 61(b)(18). (Last location was S. RLS. on 1/14/2020)	Current law, the California Integrated Waste Management Act of 1989, administered by the Department of Resources Recycling and Recovery, establishes an integrated waste management program. The act requires each city to submit to the county in which the city is located a source reduction and recycling element containing specified components, including a composting component. This bill would make a nonsubstantive change to language concerning implementation of the composting component.
SB 937 Hill D Introduced: 2/6/2020 html pdf	State agencies: web accessibility. 5/29/2020- Failed Deadline pursuant to Rule 61(b)(5). (Last location was G.O. on 5/12/2020)	Would authorize a state agency to temporarily remove public documents from digital access if a justifiable impediment exists and the Director of Technology verifies the impediment prohibits full compliance and the state agency complies with certain requirements, including citing the reason for the document's removal and listing options and instructions for how to access the document offline. The bill would make any file or document removed after October 14, 2017, subject to these requirements.
SB 1000 Hertzberg D Introduced: 2/13/2020 html pdf	Litter: receptacles. 8/31/2020- Failed Deadline pursuant to Rule 61(b)(18). (Last location was S. RLS. on 2/13/2020)	Current law requires litter receptacles to be placed in all public places in the state, as specified, and provides that any person owning or operating any establishment or public place in which litter receptacles are required to be placed shall procure, place, and maintain those receptacles at that person's own expense on the premises. This bill would make nonsubstantive changes to those provisions.
SB 1028 Dodd D	Agriculture: Cannella Environmental	Would require the Advisory Panel on Environmental Farming to assist government agencies to incorporate the conservation of natural resources and ecosystem services practices into

<p>Amended: 3/19/2020 html pdf</p>	<p>Farming Act of 1995: Environmental Farming Incentive Program. 5/29/2020- Failed Deadline pursuant to Rule 61(b)(5). (Last location was AGRI. on 5/12/2020)</p>	<p>agricultural programs. The bill would require the Department of Food and Agriculture, with advice from the panel, to establish and administer the California Environmental Farming Incentive Program, subject to an appropriation by the Legislature. The bill would require the program to support on-farm practices seeking to optimize environmental benefits while supporting the economic viability of California agriculture by providing incentives to farmers or ranchers who want to pursue adopting management practices that contribute to wildlife habitat and result in on-farm activities that provide multiple conservation benefits, as prescribed.</p>
<p>SB 1070 Leyva D Amended: 3/25/2020 html pdf</p>	<p>Land use: general plans. 8/31/2020- Failed Deadline pursuant to Rule 61(b)(18). (Last location was S. RLS. on 2/18/2020)</p>	<p>The Planning and Zoning Law requires the legislative body of each county and city to adopt a comprehensive, long-term general plan for the physical development of the county or city and of any land outside its boundaries that bears relation to its planning. That law requires the general plan to include several elements, including, among others, an environmental justice element, or related goals, policies, and objectives integrated in other elements, that identifies disadvantaged communities, as defined, if the city, county, or city and county has a disadvantaged community. This bill would revise and recast the provisions regarding an environmental justice element by requiring the environmental justice element to include certain provisions, including identification of disadvantaged communities; an assessment of the unique and compounded health risks and investment needs in disadvantaged communities; a statement of goals, quantified objectives, and policies designed to address the unique and compounded health risks and investment needs identified; and a program that sets forth a schedule of required meaningful actions with an implementation deadline and performance metrics with regard to the goals, quantified objectives, and policies identified.</p>
<p>SB 1132 Dodd D Amended: 3/25/2020 html pdf</p>	<p>Recycling: beverage containers: Department of Resources Recycling and Recovery:</p>	<p>The California Beverage Container Recycling and Litter Reduction Act, which is administered by the Department of Resources Recycling and Recovery, is established to promote beverage container recycling and provides for the payment, collection, and distribution of certain payments and fees based on minimum refund values established for beverage containers. The act creates within the department a recycling</p>

	<p>recycling financial analysis and policy development unit.</p> <p>8/31/2020- Failed Deadline pursuant to Rule 61(b)(18). (Last location was S. RLS. on 2/19/2020)</p>	<p>financial analysis and policy development unit to develop, analyze, consolidate, and evaluate economic and policy proposals to carry out the objectives of the act. This bill would require the unit to assess the effects of limitations imposed on international markets for the export of beverage containers and the impacts of those limitations on beverage container recycling in the state.</p>
<p>SB 1152 Skinner D</p> <p>Amended: 3/26/2020 html pdf</p>	<p>Solar panels: disposal: labeling.</p> <p>8/31/2020- Failed Deadline pursuant to Rule 61(b)(18). (Last location was S. RLS. on 2/20/2020)</p>	<p>Would require, on and after January 1, 2023, a manufacturer of a solar panel sold in California to include a permanently affixed label that provides information necessary to facilitate proper disposal or recycling of the solar panel at the end of its useful life. The bill would require the Department of Resources Recycling and Recovery, in consultation with the State Energy Resources Conservation and Development Commission and the Public Utilities Commission, to develop regulations implementing that labeling requirement, as provided.</p>
<p>SB 1156 Archuleta D</p> <p>Amended: 8/24/2020 html pdf</p>	<p>Lithium-ion batteries: illegal disposal: fire prevention.</p> <p>8/31/2020- Failed Deadline pursuant to Rule 61(b)(18). (Last location was S. INACTIVE FILE on 9/1/2020)</p>	<p>Would prohibit a person from knowingly disposing of a lithium-ion battery in a container or receptacle that is intended for the collection of solid waste or recyclable materials, unless the container or receptacle is designated for the collection of batteries for recycling, as provided.</p>
<p>SB 1191 Dahle R</p> <p>Amended: 3/23/2020 html pdf</p>	<p>Organic waste: reduction goals: local jurisdictions.</p> <p>5/29/2020- Failed Deadline</p>	<p>Current law requires the Department of Resources Recycling and Recovery, in consultation with the State Air Resources Board, to adopt regulations that achieve specified targets for reducing organic waste in landfills that may include, among other things, different levels of requirements for local jurisdictions and phased timelines based upon their progress</p>

	<p>pursuant to Rule 61(b)(5). (Last location was E.Q. on 3/5/2020)</p>	<p>in meeting the organic waste reduction goals, and penalties to be imposed by the department for noncompliance. Current law requires, no later than July 1, 2020, the department, in consultation with the state board, to analyze the progress that the waste sector, state government, and local governments have made in achieving the specified targets for reducing organic waste in landfills. This bill would require the department, upon request by a local jurisdiction, to issue a waiver from a requirement imposed pursuant to those regulations to separate and recover food waste and food-soiled paper for all or part of the local jurisdiction where there are or could be public safety issues associated with food waste collection as a result of nearby bear populations.</p>
<p>SB 1227 Skinner D</p> <p>Introduced: 2/20/2020 html pdf</p>	<p>Road Maintenance and Rehabilitation Program. 5/29/2020- Failed Deadline pursuant to Rule 61(b)(5). (Last location was TRANS. on 3/5/2020)</p>	<p>Currentlaw creates the Road Maintenance and Rehabilitation Program to address deferred maintenance on the state highway system and the local street and road system. Current law requires the Department of Transportation and cities and counties receiving funds under the program, to the extent possible and cost effective, and where feasible, to use advanced technologies and material recycling techniques that reduce the cost of maintaining and rehabilitating the streets and highways and that exhibit reduced levels of greenhouse gas emissions through material choice and construction method. This bill would delete the condition in that requirement imposed on the department and those cities and counties to use advanced technologies and material recycling techniques to the extent possible.</p>
<p>SB 1235 Caballero D</p> <p>Amended: 3/25/2020 html pdf</p>	<p>Administrative Procedure Act: adverse economic impact. 8/31/2020- Failed Deadline pursuant to Rule 61(b)(18). (Last location was S. RLS. on 2/20/2020)</p>	<p>Current law requires a state agency proposing to adopt, amend, or repeal a major regulation, on or after November 1, 2013, to prepare a standardized regulatory impact analysis in the manner prescribed by the Department of Finance that addresses, among other things, the creation or elimination of jobs within the state. This bill, among other things, would delete the requirement that a state agency prepare an economic impact assessment for proposed changes to a major regulation proposed prior to November 1, 2013, and would instead require a state agency to prepare a standardized regulatory impact analysis for proposed changes to all major regulations. The bill would require that the economic impact assessment and the standardized regulatory impact analysis also include identification of each regulation adopted within 10 years prior to the date of the proposed regulations when</p>

		the prior adopted regulations are located in the same title or division as the proposed regulations and include a brief summary of any economic impact analysis previously performed with regard to those regulations.
SB 1238 Hueso D Amended: 6/18/2020 html pdf	Department of Transportation: highways and roads: recycled plastics study and specifications. 8/14/2020- Failed Deadline pursuant to Rule 61(b)(13). (Last location was A. TRANS. on 6/29/2020)	Would authorize the Department of Transportation to conduct a study to assess the feasibility, cost effectiveness, and life-cycle environmental benefits of including recycled plastics in asphalt used as a paving material in the construction, maintenance, or rehabilitation of a highway or road. If the department determines that this use of recycled plastics is feasible and that recycled plastics can be included in asphalt in a manner that is cost effective and provides life-cycle environmental benefits, the bill would authorize the department to establish specifications for including recycled plastics in asphalt used as a paving material in the construction, maintenance, and rehabilitation of a highway or road.
SB 1332 Allen D Amended: 3/26/2020 html pdf	Solid waste: recycling and composting infrastructure. 8/31/2020- Failed Deadline pursuant to Rule 61(b)(18). (Last location was S. RLS. on 2/21/2020)	The California Integrated Waste Management Act of 1989, administered by the Department of Resources Recycling and Recovery, generally regulates the disposal, management, and recycling of solid waste. This bill would require the department to adopt by January 1, 2022, regulations to develop a loan, grant, and incentive payment program to accomplish specified goals to improve California's statewide recycling and composting infrastructure. The bill would create the California Recycling and Composting Infrastructure Fund in the State Treasury, and would require, upon appropriation, moneys in the fund to be used for these purposes.
SB 1346 Dahle R Amended: 4/3/2020 html pdf	State fleet: recycling program. 5/29/2020- Failed Deadline pursuant to Rule 61(b)(5). (Last location was G.O. on 5/11/2020)	Current law requires, beginning December 31, 2025, that at least 15% of newly purchased vehicles with a gross vehicle weight rating of 19,000 pounds or more purchased by the Department of General Services and other state entities for the state fleet be zero emission and that at least 30% be zero emission beginning December 31, 2030. Current law requires, beginning no later than the 2024–25 fiscal year, the department to ensure that at least 50% of the light-duty vehicles purchased for the state fleet each fiscal year are zero-emission vehicles. This bill would require the department, in implementing the above requirements, to ensure that a recycling program is in place to safely dispose of, and recover

		critical materials from, rechargeable lithium ion batteries in zero-emission battery electric vehicles, as specified.
<p>SB 1457 Borgeas R</p> <p>Amended: 8/10/2020 html pdf</p>	<p>Small businesses: reduction or waiver of civil penalties for violation of regulations or statutes.</p> <p>8/21/2020- Failed Deadline pursuant to Rule 61(b)(15). (Last location was A. APPR. on 8/4/2020)</p>	<p>Would require a state agency to establish a policy, by January 1, 2022, that provides for the reduction or waiver of civil penalties for a violation of a regulatory or statutory requirement by a small business if the violation did not involve willful or criminal conduct and did not pose a serious health, safety, or environmental threat. The bill would require the policy to include various factors the state agency would be required to consider when making a determination as to whether to reduce or waive the civil penalty. The bill would authorize the state agency to update the policy to reflect current issues and conditions affecting small businesses and the state agency.</p>
